IMPACT[®]
Marketing a better world

Impact Marketing is a Marketing Agency located in San Luis Obispo, California. We provide lower cost marketing plans for non-profits and small businesses with a mission to do good. Our marketing plans include:

- **Branding**
- **Content Creation**
- **Social Media Strategy.**

Impact Marketing is strong, passionate and creative. Combined, these three components create a marketing agency that develops out of the box marketing plans for organizations that match its own passion for making a positive impact on its community.

WHO WE WORK WITH:

Impact works primarily with grass-roots non-profits and businesses with an annual budget of less than \$1,000,000. These organizations have a passion for changing their community and experience to prove that they can achieve their mission. Impact comes alongside them to develop long-term marketing strategies for their organizations as they change the world.

We help you change the world.
